Did You Know?

75% of girls with low self-esteem "reported engaging in negative and potentially harmful activities, such as disordered eating, cutting, bullying, smoking or drinking, when feeling badly about themselves"

*(Real Girls, Real Pressure:
A National Report on the
State of Self-Esteem, June 2008)*

WHO WE ARE

The Flourish Foundation, Inc. is a **501(c)(3) nonprofit corporation** dedicated to encourage young women to thrive beyond expectations. It is the mission, duty and purpose of The Flourish Foundation, Inc. to support economically disadvantaged youth by stimulating emotional and physical growth through personal development training. Our team is compiled entirely of volunteers who contribute their time and skills to encourage our beneficiaries to flourish.

WHAT WE DO

We are focused on the development of a signature program that offers a series of in-depth life skill sessions and workshops that include topics such as financial literacy, health awareness, college preparation, leadership goals and self-esteem building. Participants attend the program, free of charge, with the opportunity to gain invaluable personal development tools through keynote presentations, open discussion forums, conflict resolution training, and confidence building courses.

WHO WE SERVE

In addition to providing quality programming for teens, we facilitate community service projects that directly impact women who are in need of positive support to help them reach their fullest potential. Such projects range from clothing drives to job readiness trainings.

HOW YOU CAN HELP

The Flourish Foundation, Inc. is powered by our dedicated volunteers, individual donors and corporate sponsors. For more information on volunteering or making your tax-deductible financial contribution, we invite you to visit us online at flourishlife.org today.
